

AUL Short Term Disability Plan

THE NEED FOR DISABILITY INSURANCE

Protect your paycheck

You insure your home, car and other valuable possessions, so why not also protect what pays for all those things? Your income. Without it, think about how your mortgage/rent, groceries or credit card bills would get paid. That's where disability insurance can help.

A disability can happen to anyone at any time and it can last for a short or long period of time. Purchasing disability insurance through your workplace is a way to replace a portion of your pre-disability earnings if you get sick or hurt and are unable to work. Being prepared can help ease the financial burden for you.

Things to think about

A severe injury or illness can leave you unable to work for years. Workers' compensation only covers injuries that happen on the job and, to qualify for coverage, you must meet certain eligibility requirements. Additionally, medical insurance will only help cover your medical costs.

You might be able to dip into savings or borrow money from loved ones, but if you don't have these options, can you really afford not to have disability insurance?

Protect yourself and your income with disability insurance.

Disability insurance can provide you with the income protection you need. Consider purchasing it today.
