 The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go online at www.cigna.com/sp. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at <https://www.healthcare.gov/sbc-glossary> or call 1-800-Cigna24 to request a copy.

Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>For in-network providers: \$1,500/individual or \$3,000/family For out-of-network providers: \$3,000/individual or \$6,000/family Combined medical/behavioral and pharmacy deductible</p>	<p>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. In-network preventive care & immunizations are covered before you meet your deductible.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.</p>
<p>Are there other deductibles for specific services?</p>	<p>No.</p>	<p>You don't have to meet deductibles for specific services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>For in-network providers \$3,500/individual or \$5,000/family For out-of-network providers \$7,000/individual or \$10,000/family</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Penalties for failure to obtain pre-authorization for services, premiums, balance-billing charges, and health care this plan doesn't cover.</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p>
<p>Will you pay less if you use a network provider?</p>	<p>Yes. See www.myCigna.com or call 1-800-Cigna24 for a list of network providers.</p>	<p>This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</p>

The Insurance Premium Conversion Options

If you enroll in the coverages offered by your employer, your share of qualified premiums will be pre-taxed. That is, your payment will be made tax-free and be subject to the restrictions listed in the section under the heading IRS Pre-tax Rules and Limitations. You will not be able to change or suspend your participation throughout the year unless you experience a change in family status. Changes in family status are things such as:

- Marriage;
- Gaining a dependent;
- Divorce or legal separation;
- Losing a dependent;
- Termination or commencement of your spouse's employment;
- A change in you or your spouse's eligibility for coverage due to a change in employment.

If you have a change in family status and need to alter your participation, you should contact Human Resources within 30 days of the change. The change must be consistent with your change in family status. For example, you could not change to a lesser plan of coverage because you gained a dependent. You can always change your participation at the beginning of any plan year.

To review how the Premium Conversion Option impacts your paycheck, see Examples A & B on the following page.

Cigna Health Plan

Flexible Benefit Plan: The better you plan, the more you save!

It's more than a slogan. The Flexible Benefit Plan is a real solution to issues facing all of us. Simply stated, by taking advantage of tax laws, the Flexible Benefit Plan works with your benefits to save you money.

Your insurance programs are designed to help you and your family become financially secure as well as to protect you against the high cost of medical care including catastrophic events. However, almost everyone has a number of necessary, predictable expenses that are not covered by your insurance programs. The Flexible Benefit Plan will help you pay for these predictable expenses.

The Flexible Benefit Plan offers a unique way to help pay for some of your health care expenses.

The key to the Flexible Benefit Plan is that your eligible expenses are paid for with **Tax Free Dollars**. You will not pay any federal, state or social security taxes on funds placed in the Plan. You will save between, approximately, \$27.65 and \$37.65 on every \$100 you place in the Plan. The amount of your savings will depend on your federal tax bracket.

Using the Flexible Benefit Plan can save you a significant amount of money each year, however, it is important that you understand how the Plan works and how you can make the most of the advantages the Flexible Benefit Plan offers.

This chapter will help you understand the Flexible Benefit Plan. The chapter covers how the Plan works, describes the categories of the Plan, explains the rules governing the Plan, the reimbursement process and how you can elect to participate in the Flexible Benefit Plan. Prior to electing to participate in the Flexible Benefit Plan, it is important that you read and understand the **Rules and Regulations** section of this handbook.

After you read this material, if you have any questions please feel free to contact Flexible Benefit Administrators, Inc. at **(757) 340-4567** or **(800) 437-FLEX (3539)**.

Claims Submission

Obtaining a reimbursement from your Health Care Account

To obtain a reimbursement from your Health Care Account, you must complete a Claim Form. This form is available from your employer's website (See sample Claim Form on page 43). You must attach a receipt or bill from the service provider which includes all the pertinent information regarding the expense:

- Date of service
- Patient's name
- Amount charged
- Provider's name
- Nature of the expense
- Amount covered by insurance (if applicable)

Cash register receipts, credit card receipts and canceled checks alone are not eligible forms of documentation for medical expenses. These items are not considered third party receipts because they only reflect that payment has been made and do not provide the required information listed above. Prescription documentation must include the name of the prescribed medication.

Obtaining a reimbursement for over-the-counter items

For the purchase of over-the-counter medications and items with a prescription, cash register receipts will be accepted as documentation if the receipt is detailed and indicates the name of the service provider, the date of the purchase, the amount of the purchase and the name of the product purchased. You must also send a copy of the Rx signed by a physician along with your claim form. If the receipt does not specifically reflect the name of the product we cannot accept the claim for reimbursement of that item. The name of the patient does not have to be on the receipt, however, the name of the patient must be listed on the claim form.

Note: In order to be eligible for reimbursement through the Health Care Account, the medical expense must be incurred during the Plan Year. IRS defines "incurred" as when the medical care is provided (or date of service), not when you are formally billed, charged for, or pay for the care. FOR EXAMPLE: If you go to the doctor on June 26th and your Plan Year begins on July 1st, this expense is not eligible in the new Plan Year. Even if you pay for this expense after July 1st, the "date of service" was before the Plan Year began and therefore is not eligible.

The Health Care Account is a pre-funded account

This means that you can submit a claim for medical expenses in excess of your account balance. You will be reimbursed your total eligible expense up to your annual election. The funds that you are pre-funded will be recovered as deductions continue to be deposited into your account throughout the Plan Year.

Dependent Care Reimbursement Account

The Dependent Care Reimbursement Account allows you to pay for day care expenses for your dependents with tax-free dollars.

Eligibility Dependent

- A child under 13 who qualifies as a dependent on your Federal Income Taxes
- Any other dependents, including a disabled spouse, disabled children over age 13 and elderly parents, who depend on you for financial support, qualify as dependents for tax purposes, and are incapable of self care
- Please refer to Page 37 for the latest definition of a dependent, as revised under Section 152 of the Code by the Working Families Tax Relief Act of 2005 (WFTRA)

Eligible Dependent Care Expenses

For dependent care expenses to be eligible for reimbursement, you must be working during the time your eligible dependents are receiving care. If you are married, your spouse must be:

- Working at the time the day care services are provided;
- A full-time student for at least five months during the year; or
- Mentally or physically disabled and unable to provide care for him or herself

Expenses for Kindergarten are not eligible for reimbursement since they are generally for education, and not for custodial care. In order for an expense to be eligible for reimbursement from the Dependent Care Reimbursement Account, the primary purpose for the care of the qualifying individual must be to assure the individual's well-being and protection. Dependent care must still be primarily for custodial care, not education, in order to qualify as an eligible employment-related expense from the Dependent Care Reimbursement Account.

Examples of Dependent Care Expenses

- Babysitters or Nannies that claim the child care as income on their taxes
- Licensed day care centers
- Private Preschool
- Before and after school care
- Day care for an elderly or disabled dependent

Expenses that would not be eligible through the Dependent Care Account

- Kindergarten (kindergarten & above is considered an educational expense)
- Days you or your spouse are not working, including sick leave, vacation days, and maternity leave
- Transportation, books, clothing, or entertainment (Note: These expenses will be covered if provided by the nursery school or day care center as part of its preschool care services. If these types of expenses are billed separately, they are not an eligible expense.)
- Care provider may not be a child of yours under the age of 19 or anyone you claim as a dependent for federal income tax purposes

- Babysitting for social events
- Overnight camp is not an eligible expense, only DAY CAMPS are eligible. Remember that this account is set-up so that you and your spouse are able to go to work and Overnight camp is 24-hour care.

Annual Maximum for the Dependent Care Reimbursement Account

Must Not Exceed The Lesser Of:

- \$5,000 for one or more children (\$2,500 if you are a married individual filing a separate tax return);
- Your wages or salary for the Plan Year; or
- The wages or salary of your spouse

If your spouse is either a full time student or is incapable of taking care of himself or herself then he or she is deemed to have monthly earnings of \$250 if there is one (1) child or dependent, and \$500 if there are two (2) or more children or dependents.

Using the Dependent Care Reimbursement Account versus filing for a tax credit on your taxes

Under current IRS regulations, you may be eligible to receive a tax credit for dependent care costs. You may claim a credit for dependent care, up to \$3,000 for one child and \$6,000 for two or more children, on your income taxes through the child care tax credit. However, through the Dependent Care Reimbursement Account you may set aside up to \$5,000 per year, for one or more children, if you are married and filing a joint tax return or if you are a single parent. If you are married and filing separate tax returns, you may set aside only \$2,500.

Typically, more money is saved by paying for dependent care through the FSA Dependent Care Reimbursement Account than by taking the dependent care credit on your tax return. This is because the total for federal, state, and FICA savings usually exceeds the dependent care credit. At taxable incomes greater than \$14,000, participants will probably benefit more from taking reimbursement from the Flexible Benefit Plan. These assumptions are based on the inclusion of your state income tax.

You can also file for the tax credit while participating in the Dependent Reimbursement Care Account. If the amount you have placed through the reimbursement account does not meet the maximum allowed by the IRS, you can claim the difference between your Dependent Care deductions and the IRS maximum allowable expenses for the tax credit. You can claim a tax credit for any additional dependent care expenses incurred over the \$5,000 maximum FSA limit up to the \$6,000 child care tax credit limit on your taxes. You cannot claim the tax credit for any dependent care expenses paid from the Dependent Care Reimbursement Account. It is your responsibility to report the Dependent Care amount on your tax form 2441. The amount is listed on your W-2 under Dependent Care Benefit for the tax year.

If you are not sure about the eligibility of an expense, phone **Flexible Benefits Administrators at (757) 340-4567 or (800) 437-FLEX** or refer to IRS Publication 503: "Dependent Care Expenses". This publication can be ordered by calling the IRS at (800) 829-3676.

Obtaining a reimbursement from your Dependent Care Reimbursement Account

To obtain a reimbursement from your Dependent Care Reimbursement Account you must complete a Claim Form. This claim form is available from your employer's website (See sample Claim Form on page 44). You must attach a receipt from the service provider which includes all of the following:

- Name of dependent receiving care
- Date(s) care was provided (must match Claim Form)
- Name of service provider
- Social Security or Tax I.D. number of the provider
- Amount of the charge

Note: Dependent care expenses can only be reimbursed after the care is provided. This means that advance payments of dependent care expenses cannot be made. FOR EXAMPLE: If you pay for a summer day camp for your child in May but the camp is the first week in July, we cannot reimburse you for this expense until July when the service is provided.

The Dependent Care Reimbursement Account is not a Pre-Funded Account

This means that you will only be reimbursed up to your account balance at the time you submit your claim. If your claim is for more than your account balance, the unreimbursed portion of your claim will be tracked by Flexible Benefit Administrators. You will be automatically reimbursed as additional deductions are taken and deposited into your account, until your entire claim is paid out.

The Benefits Card

The Benefits Card system allows you to pay for eligible pre-tax account expenses electronically at approved service providers and merchants. The Benefits Card provides you with instant access to your pre-funded Health Care Reimbursement Account for many common regular eligible expenses. You may also enjoy the convenience of paying for your childcare expenses (up to your account balance at the time of the “swipe”) with the Benefits Card.

In order for you to get the most benefit from your Plan, we want to remind you of a few things concerning the Benefits Card:

- The Benefits Card works just like a debit card, only your “bank account” consists of the funds you elected to set aside in your pre-tax account(s). The card is not eligible for use at ATM’s or other unqualified merchant locations. The card will be denied at the point of sale when use at an ineligible location is attempted. If an eligible provider does not accept MasterCard®, you must file a paper claim. When using the card at a self-service merchant terminal, you may select the credit or debit option (with your PIN).

- **How To Receive Your PIN:**

The most cost effective way to provide a cardholder their PIN is to use the e-PIN delivery functionality. e-PIN delivery provides a simple and secure way for participants to view their PIN on the FBA WealthCare Portal. The FBA WealthCare Portal “My Cards” page provides a “View PIN” button next to each card number. Upon clicking “View PIN”, FBA WealthCare Portal pops-up a new window containing the card’s four digit PIN.

Participants who have registered emails on file will be receiving notification of these changes and will be directed to retrieve their PIN from the FBA Wealthcare Portal. Detailed information will also be available on our website at www.flex-admin.com.

Please note there will be an additional fee for those that choose to elect standard mail delivery PIN mailer* to the participant.

*A PIN mailer is a piece of mail delivered to the employee containing the four digit card PIN. PIN mailers are sent separately from a card package in order to ensure that the card number and PIN do not arrive at the participant’s house at the same time.

- Your card will be mailed to your home address via first class mail. Please allow up to two weeks for delivery of your card. If you do not receive your card two weeks after the start of your Plan Year, contact Flexible Benefit Administrators, Inc. so that a replacement card may be ordering. Any eligible expense incurred during that time may be reimbursed by mailing or faxing a claim form, and receipts to Flexible Benefit Administrators, Inc. following the customary claims filing procedure and cutoff times.
- When you receive your card, sign the back of the card prior to using it. Your card is activated upon the first swipe of the card.
- **Continue to save all receipts.** Flexible Benefit Administrators, Inc. may request them to verify expense eligibility.

- Flexible Benefit Administrators, Inc. will notify you by mail or e-mail if you incur an expense with the card that is or appears to be ineligible. Upon this notice you must send Flexible Benefit Administrators, Inc. a Transaction Substantiation Form with the corresponding itemized documentation within 40 days of the transaction. If you do not send in those required items, your card will be deactivated until the documentation is received.
- Your transaction will be denied for any amount greater than your health care reimbursement account annual election or your dependent care reimbursement account posted balance at the time of the “swipe”.
- You should notify Flexible Benefit Administrators, Inc immediately if your card is lost or stolen to deactivate the card. If your employment is terminated, you must surrender the card to your employer.
- You may monitor your account balance, transaction history or print a statement at any time, night or day on the Benefits Card website: **www.benefitspaymentsystem.com**.
- Additional information regarding the Benefits Card is available on our website: **www.flex-admin.com**. You may also download the Transaction Substantiation Form from our website under Participants; FBA Benefits Card; Forms.

Attention: Benefits Card Participants

Subject: Benefits Card Use

In light of IRS Rulings on Benefits Card use, it is important that you make yourself familiar with the cardholder agreement that accompanies your Benefits Card. Flexible Benefit Administrators, Inc. strongly suggests reviewing this document and making yourself and any dependent cardholders in your household aware of the terms.

Please be aware that upon receipt and signing of your Benefits Card, you as the cardholder and employee participant of the Plan are ultimately responsible for using the card only for eligible expenses. This also applies to any dependent that has use of the Benefits Card. By signing the back of the card, the employee/dependent is agreeing to the terms and conditions of this agreement.

As in the past, your responsibility as a participant in a tax-free plan is to use the card for eligible expenses ONLY (such as prescriptions, eyeglasses and medical co-pays, etc). As with paper claim submission, cosmetic prescriptions and procedures are not eligible for reimbursement. Please remember that each time you use your card you are certifying that the expense is eligible. If you have any doubt as to whether an expense is eligible, you should refer to your employee handbook, IRS Publication 502 or call our office to speak with one of our administrators. It is also your responsibility to acquire all documentation such as receipts, EOBs, etc. for the Plan Year’s expenses and to retain the documentation for the entire Plan Year. If you are aware that you have paid for an expense with the card that is ineligible it is your responsibility to notify Flexible Benefit Administrators, Inc. immediately. You will need to submit a Transaction Substantiation Form along with repayment for the amount of the ineligible expense.

Flexible Benefit Administrators, Inc., may request documentation to substantiate your Benefits Card transactions to determine eligibility of the expense. Please be aware that documentation for all over-the counter drugs will be required, as per IRS regulations.

In the event that your documentation shows ineligible expenses were paid with your Benefits Card, Flexible Benefit Administrators, Inc., will request that you re-pay the amount of the ineligible expense. If the payment is not received in the allotted time frame your card will be deactivated. Also, Flexible Benefit Administrators, Inc., may offset future claims and notify your employer. IRS rulings allow your employer to withhold this amount from your wages if necessary.

The Benefits Card is NOT PAPERLESS, just less paper and is a great convenience for the participants in the Plan, if used properly.

Please Note: Eligible items purchased at participating Inventory Information Approval System (IIAS) merchants will be automatically approved! When purchasing prescriptions and/or over-the-counter FSA-eligible items, the merchant's IIAS will verify the items and automatically approve the transaction with no follow-up request. Effective July 1, 2009, the Benefits Card will no longer be accepted at merchants who have not implemented IIAS. Please visit www.sig-is.org and select "IIAS Merchants List" for the most recent list of IIAS merchants.

Rules and Regulations

Claim Filing Dates

All claims received in the office of Flexible Benefit Administrators, Inc. will be processed within one week via check or direct deposit.

Common Errors To Avoid When Filing Claims

- The claim form is not signed
- Canceled checks, cash register receipts or credit card receipts are sent in place of receipts or bills from the provider of service
- Cash register receipts for OTC item(s) do not indicate the specific name of the product(s) purchased
- Claim form has not been completed
- Insufficient postage on envelope
- “Previous balance” statements or “payment on account” receipts submitted in place of actual date of service itemized bills or receipts

Your claim form may be returned to you or delayed in processing for improper or insufficient documentation. If you have questions about your claims, you may contact Flexible Benefit Administrators, Inc. at **(757) 340-4567** or **(800) 437-FLEX (3539)**, from 8:30 a.m. to 5:00 p.m., Monday through Friday.

Reimbursing The Provider Of Service

All reimbursements will be sent to you directly. After receiving payment from your account, you are responsible for paying your providers.

Eligible Dependents

An individual is considered to be a dependent if he or she is a qualifying child or qualifying relative of the taxpayer. The following qualifying criteria now apply. To be a “dependent child”: the individual is a child to the participant, and the individual doesn’t turn 27, regardless of any other status by the end of the taxable year.

In addition, the following qualifying criteria apply to be a “dependent relative”: the individual has a specific family type relationship to the taxpayer, the individual is not a qualifying child of any other taxpayer, the individual receives more than half of his or her support from the taxpayer, and the individual’s annual gross income is less than the Section 151 limit (\$3,900 for 2013; this criteria does not apply to health plans).

Run-out Period for filing claims

You have the entire Plan Year plus 90 days to file all claims that were incurred during the Plan Year. All claims must be received in the office of Flexible Benefit Administrators, Inc. by 5:00 p.m. on the 90th day, following the end of your Plan Year. Therefore, for the Plan Year 07/01/14 – 06/30/15 all claims must be in our office by 5:00 p.m. on September 28, 2015. If claims are not received during this time frame for expenses incurred during the Plan Year, your remaining funds will be forfeited. (Remember “90 days” does not mean 3 months and “received in the office” does not mean the day it was postmarked). **Please, do not delay; complete your claims early.**

Changes In Your Election

No, generally you cannot change the elections you have made after the beginning of the PLAN YEAR. However, there are certain limited situations when you can change your elections. You are permitted to change elections if you have a “change in status” and you make an election change that is consistent with the “change in status.” Currently, Federal law considers the following events to be “changes in status”:

- Marriage, divorce, death of a spouse, or annulment;
- Change in the number of dependents, including birth, adoption, placement for adoption, or death of a dependent;
- Any of the following events for you, your spouse or dependent: Termination or commencement of employment, a strike or lockout, commencement or return from an unpaid leave of absence, a change in worksite, or any other change in employment status that affects eligibility for benefits;
- One of your dependents satisfies or ceases to satisfy the requirements for coverage due to change in age, student status, or any similar circumstance;
- A change in place of residence of you, your spouse, or your dependent. This applies ONLY to Dependent Care and ONLY if that change in residence results in a change of dependent care service provider and its cost.

These rules on change due to cost or coverage do not apply to the Health Care Reimbursement Plan, and you may not change your election to the Health Care Reimbursement Plan if you make a change due to cost or coverage for insurance.

You may not change your election under the Dependent Care Reimbursement Account if the cost change is imposed by a dependent care provider who is your relative.

To make a change in your elections, a STATUS CHANGE FORM must be completed within 30 days of the event. Flexible Benefit Administrators, Inc. or your benefits contact person will determine if your requests for an election change meets IRS Regulations.

Transferring Funds Between Accounts

IRS regulations do not allow money to be transferred between reimbursement accounts. If you elect funds to be placed in your Health Care Account, you must submit eligible medical expenses to be reimbursed from these funds. This IRS regulation also applies to the Dependent Care Reimbursement Account.

Termination Of Employment

If you have funds in your Health Care Account and you submit receipts for expenses incurred prior to your termination, you can be reimbursed for funds remaining in your account up to your annual election. However, if you have money left in your Health Care Account and do not have receipts for expenses incurred prior to your termination, you cannot be reimbursed for the money remaining in your account unless you elect to participate in the federal program, COBRA. If you elect to participate in COBRA, you will need to continue to set aside dollars on an after tax basis to be deposited into your Health Care account. You can receive information concerning this program from the contact person in your company.

Your Dependent Care Reimbursement Account functions differently. If you have funds remaining in these accounts, this money will be reimbursed to you if appropriate receipts are submitted. You can receive reimbursement for expenses incurred during the Plan Year if receipts are submitted within the Plan Year and before the end of the 90-day grace period following the Plan Year end.

Effect On Social Security Benefits

As you are not paying social security tax on the portion of your income that has been placed in the Plan, your social security benefits may be slightly reduced. We suggest putting part of your tax savings into your Employer's Retirement Program or some other savings vehicle.

Account Balances

You may call Flexible Benefit Administrators, Inc. at **(757) 340-4567** or **(800) 437-FLEX (3539)** from 8:30 a.m. to 5:00 p.m., Monday through Friday, to check your account balances. You may also access your personal account information at your convenience via our secure website: **www.flex-admin.com**. Each reimbursement check stub will show your contributions, request for reimbursements, and disbursements for each account. It will also show your annual election and the balance to request by the end of the Plan Year for each account. A reminder letter will be sent the month prior to the end of the Plan Year if you have funds left in your accounts.

Changes to the Use-It-Or-Lose-It rule

What has changed?

The IRS amended the use-it-or-lose-it rule to allow a limited amount of unused funds to rollover at the end of the plan year. Although the IRS notice calls it "carryover", we call it "rollover" to match our plan feature.

How much can rollover?

Up to \$500 in unused funds can rollover into the following plan year.

Does the new rollover rule apply to dependent care FSAs?

No. Your dependent care FSA is independent of this health FSA ruling and remains unaffected.

If rollover is offered, does this change the \$2,500 maximum annual election?

No. For example: If the full \$500 were to rollover into the following plan year and you elected to contribute the full \$2,500 in that year, you would have a total of \$3,000 available for reimbursement of eligible healthcare.

Does the rollover option affect the run-out period?

No. You will still be able to file claims during the run-out period for expenses incurred **during** the plan year.

Do I have to elect a health FSA in the plan year into which funds are rolled over?

No, but you will be limited to only the rollover amount for healthcare expenses in the next plan year. Although you may not be contributing in the rollover year, you remain a participant until your rollover funds are exhausted.

How is the rollover amount calculated?

The carryover amount is determined after all expenses have been reimbursed for that plan year (after the end of the plan's run-out period). For example, if a plan has a run-out period that ends on March 31 of the following plan year, the amount rolled over for a plan year is equal to the amount from that plan year remaining in the participant's health FSA after March 31 (up to the rollover amount of \$500). Any unused amount in excess of \$500 is forfeited.

How long do I have to use my rollover funds?

According to the IRS ruling, "The carryover of up to \$500 may be used to pay or reimburse medical expenses under the health FSA incurred during the entire plan year to which it is carried over." The expense must be incurred by the last day of the plan year into which the funds were rolled over. However, if you terminate employment, then you are only eligible for reimbursement for claims with dates of service on or before your termination date.

In what order are funds utilized for new claims?

According to the guidance examples, current year funds should be used prior to any rollover funds being used.

Can I use my benefits debit card to access rollover funds?

Yes. The debit card will access current year funds and then rollover funds.

Are rollover amounts cumulative?

No. The rollover amount from one year to the next is capped at \$500. For example, if you have \$500 that rolls over from 2014 to 2015, and then you contribute \$500 in 2015, but do not file any claims for 2015, the rollover amounts cannot be combined to \$1,000 to be carried forward into 2016 —only \$500 can be carried forward.

What happens to the rollover if my employment is terminated?

If you leave the company mid-plan year, you are not eligible to receive rollover funds. However, you have a run-out period to submit claims within the dates of service for which you were eligible for reimbursement.

The benefits of the new FSA rule:

- Rollover up to \$500 of unused funds to the following plan year
- The rollover amount does not affect the following year's maximum contribution amount – you can still contribute up to the maximum allowance of \$2,500
- Maximize your tax savings by increasing your contribution
- The new rule does not affect run-out periods
- Your entire annual election is still available at the beginning of the plan year

Estimating Your Expenses

This worksheet will help you determine your annual expenses for each reimbursement account. Good planning and careful estimating is the best way to take full advantage of your Flexible Benefit Plan. Keep in mind, your maximum annual elections cannot exceed \$2,500 for health care and \$5,000 for dependent care.

Commonly Asked PPO Questions

Do I have to use an Ameritas PPO provider?

No, employees and their covered dependents may utilize any licensed dental provider that they choose.

Please note, there is no difference in the coinsurance, deductible, and maximums on either plan whether a PPO provider is utilized or not.

Why would I use an Ameritas PPO provider?

By using a PPO provider:

- A Participating Provider is a dentist who has entered into an agreement to provide services to insured members of Ameritas' plans for at a specific fee. Any insured member who chooses to go to a PPO provider will receive this discounted fee for procedures performed by that provider.
- As part of their contractual agreement with Ameritas, the PPO provider cannot "back-bill" the patient for the difference between the dentists' normal charges and the discounted fees that the dentist agreed to charge as an Ameritas PPO provider.
- PPO providers are required to file the claim for the patient.
- PPO providers are required to wait for reimbursement from Ameritas before billing the patient for any balances owed for deductibles, coinsurance, any amounts exceeding the annual maximum benefits, etc.

PPO panels are available in many areas; please visit the Ameritas website at www.ameritasgroup.com to search for a provider in your area.

What happens if I don't use an Ameritas PPO provider?

For members that do not want to utilize an Ameritas PPO provider, or if a PPO provider is not available in your area:

Randolph County Government wants employees to have options regarding their choice of providers. In addition, we want to ensure that employees that utilize non-panel providers receive exceptional benefits that reimburse claims for non-panel providers in the most optimal way. Non-panel providers can charge their standard fees for any service. **However, the amount Ameritas allows for each procedure for non-panel provider utilizes 85th percentile of U&C – which is considered to be one of the highest reimbursement levels in the industry. This means that 8.5 out of 10 dentist's charges will fall within the amount that Ameritas allows for each procedure.** In doing so, employees can feel comfortable that very little back billing will occur due to the amounts allowed by the plan.

Non-panel providers have no specific requirements regarding filing of claims. However, we have found that many dentists will assist the patient with the paperwork needed to file the claim. If a dentist is not willing to file the claim on the patient's behalf, the patient can simply attach the dentist's bill to a claim form that includes the patient's name and identification number, and fax or mail the claim to Ameritas for processing. Ameritas will process the claim, typically within 7-10 working days. Claim payment can be made to the patient or directly to the dentist if noted on the claim form. The patient can use Ameritas' claim forms which are available in the Benefit's Department or on Ameritas web site OR the patient can use any generic claim forms that the dental office may have available. Filing claims is fast and easy with Ameritas!

Multiple fractures refer to more than one fracture requiring either open or closed reduction. If multiple fractures occur in any one covered accident, we will pay the appropriate amounts shown for each fracture.

However, we will pay no more than 150% of the benefit amount for the fractured bone which has the highest dollar amount.

Chip fracture refers to a piece of bone that is completely broken off near a joint. If a doctor diagnoses the fracture as a chip fracture, we will pay 10% of the amount shown for the affected bone.

The maximum amount payable for the Fracture Benefit per covered accident is 150% the benefit amount for the fractured bone that has the higher dollar amount.

Dislocation refers to a completely separated joint. If a joint is dislocated in a covered accident, and it is diagnosed and treated by a doctor within 90 days after the accident, we will pay the amount shown.

We will pay benefits only for the first dislocation of a joint. We will not pay for recurring dislocations of the same joint. If the insured dislocated a joint before the effective date of the certificate and then dislocates the same joint again, it will not be covered by this plan.

Multiple dislocations refer to more than one dislocation requiring either open or closed reduction in any one covered accident. For each covered dislocation, we will pay the amounts shown. Definitions

Accidental injury or injuries means bodily injury or injuries resulting from an unforeseen and unexpected traumatic event that meets the definition of covered accident.

Common carrier means an airline carrier that is licensed by the United States Federal Aviation Administration and operated by a licensed pilot on a regular schedule between established airports; a railroad train that is licensed and operated for passenger service only; or a boat or ship that is licensed for passenger service and operated on a regular schedule between established ports.

Covered accident means an unforeseen and unexpected traumatic event resulting in bodily injury. An event meets the qualifications of covered accident if it occurs on or after the plan's effective date, occurs while coverage is in force, and is not specifically excluded.

Dependent children are your or your Spouse's natural children, step-children, legally adopted children, foster children or children placed for adoption who are younger than age 26.

However, there is an exception to the age 26 limit listed above. This limit will not apply to any child who is incapable of self-sustaining employment due to mental or physical handicap and is dependent on a parent for support. You or your Spouse must furnish proof of this incapacity and dependency to the Company within 31 days following the Child's 26th birthday, but not more frequently than annually.

A newborn child will be covered from the moment of birth, if the birth occurs while the plan is in force. Foster children and adopted children shall be treated the same as newborn infants and eligible for coverage on the same basis upon placement in the foster home or placement for adoption. Prior notification will not be required unless an additional premium charge to add the dependent is due. If an additional premium charge is due to cover the dependent, we will cover the newborn child, foster child or adopted child from the moment of birth or placement if the child is enrolled within 30 days after the date of birth or placement.

If a parent is required by a court or administrative order to provide insurance for a child, and the parent is eligible for family insurance coverage, we;

- will allow the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions.
- will enroll the child under family coverage upon application of the child's other parent or the Department of Health and Human Services in connection with its administration of the Medical Assistance or Child Support Enforcement Program if the parent is enrolled but fails to make application to obtain coverage for the child.
- will not dis-enroll or eliminate coverage of the child unless we are provided satisfactory written evidence that:
 - a. The court or administrative order is no longer in effect; or
 - b. The child is or will be enrolled in comparable health benefit plan coverage through an other health insurer, which coverage will take effect no later than the effective date of dis-enrollment.

We will not decline enrollment of a child on the grounds the child was born out of wedlock, the child was not claimed as dependent on the parent's federal tax return; or the child does not reside with the parent or the insurer's service area.

Dismemberment means loss of a hand – The hand is removed at or above the wrist joint; loss of a foot – The foot is removed at or above the ankle; or loss of sight – At least 80% of the vision in one eye is lost (such loss of sight must be permanent and irrecoverable); or loss of a finger/toe – The finger or toe is removed at or above the joint where it is attached to the hand or foot.

Employee means a person, who is actively at work with the master policyholder, engaged in full-time work, and is included in the class of employees eligible for coverage.

Family member includes your spouse (who is defined as your legal wife or husband) as well as the following members of your immediate family: son, daughter, mother, father, sister, or brother. This includes step-family members and family-members-in-law.

Hospital refers to a place that is legally licensed and operated as a hospital; provides overnight care of injured and sick people; is supervised by a doctor; has full-time nurses supervised by a registered nurse; has on-site or prearranged use of X-ray equipment, laboratory, and surgical facilities; maintains permanent medical history records; and a state supported institution even though it may not have an operating room and related equipment for the surgery.

A hospital is not a nursing home; an extended-care facility; a convalescent home; a rest home or a home for the aged; a place for alcoholics or drug addicts; or a mental institution.

Hospital Intensive Care Unit refers to a specifically designed hospital facility that provides the highest level of medical care and is restricted to patients who are critically ill or injured. Hospital Intensive Care Units must be separate and apart from the surgical recovery room; separate and apart from rooms, beds, and wards customarily used for patient confinement; permanently equipped with special life-saving equipment to care for the critically ill or injured; and under constant and continuous observation by nursing staffs assigned to the Intensive Care Unit on an exclusive, full-time basis.

Spouse means your legal wife or husband. Coverage may only be issued to your spouse if your spouse is over 18.

- C. Ambulance - Allstate Benefits pays the actual charges for transportation of a covered person by licensed air or surface ambulance service to a hospital for admission to an intensive care unit for a covered confinement. This benefit is not paid if an ambulance benefit is paid under the Ambulance benefit in the policy.

****This benefit is limited to 45 days for each period of such confinement. A day is a 24 hour period. If confinement is for only a portion of a day, then a pro-rata share of the daily benefit is paid.**

Eligibility

Family members eligible for coverage include: you; your legal spouse or domestic partner; and your children.

Portability Privilege

Allstate Benefits will provide portability coverage, subject to these provisions. Such coverage will not be available for you, unless: coverage under the policy terminates under the General Provision entitled "Termination of Coverage"; and we receive a written request and payment of the first premiums for the portability coverage not later than 30 days after such termination; and the request is made for that purpose. No portability coverage will be provided to you, if your insurance under the policy terminated due to your failure to make required premium payments.

Termination of Coverage

As long as you are insured, your coverage under the policy ends on the earliest of: the date the policy is canceled; or the last day of the period for which you made any required premium payments; or the last day you are in active employment except as provided under the "Temporary Layoff, Leave of Absence, or Family and Medical Leave of Absence" provision; or the date you are no longer in an eligible class; or the date your class is no longer eligible. Allstate Benefits will provide coverage for a payable claim incurred while you are covered under the policy. If your spouse is a covered person, the spouse's coverage ends upon valid decree of divorce or your death. If your domestic partner is a covered person, the domestic partner's coverage ends upon termination of the domestic partnership or your death. If your child is a covered person, the child's coverage ends when the child reaches age 26, unless he or she continues to meet the requirements of an eligible dependent. Coverage does not terminate on a child who: (1) is incapable of self-sustaining employment by reason of mental or physical incapacity; and (2) became so incapacitated prior to the attainment of the limiting age of eligibility under the coverage; and (3) is chiefly dependent upon you for support and maintenance. Dependent coverage continues as long as the coverage remains in force and the dependent remains in such condition. Proof of the incapacity and dependency of the child must be furnished within 60 days of the child's attainment of the limiting age of eligibility. Thereafter, such proof must be furnished as frequently as may be required, but no more frequently than annually after the child's attainment of the limiting age for eligibility. If Allstate Benefits accepts a premium for coverage extending beyond the date, age or event specified for termination as to a covered person, such premium will be refunded, coverage will terminate and claims will not be paid.

Pre-Existing Condition, Exclusions and Limitations

Allstate Benefits does not pay for any benefit due to, or caused by, a pre-existing condition, as defined, during the 12 month period beginning on the date that person became a covered person. This exclusion will not apply to your newborn, adopted or foster child under the age of 18 if Allstate Benefits is notified within 31 days of the child's birth or date of placement. A Pre-Existing Condition is a disease or condition for which medical advice or treatment was recommended or received from a member of the medical profession within the 12 month period prior to the effective date.

Allstate Benefits does not pay for any loss except for losses due directly from cancer or specified disease. Allstate Benefits does not pay for any other conditions or diseases caused or aggravated by cancer or a specified disease. Diagnosis must be submitted to support each claim. For the Surgery, New or Experimental Treatment and Prosthesis Benefits, if specific charges are not obtainable as proof of loss, Allstate Benefits will pay 50% of the applicable maximum for the benefits payable. Treatment must be received in the United States or its territories.

Intensive Care Exclusions and Limitations

The Hospital Intensive Care Unit Confinement benefit does not pay for intensive care if a covered person is admitted because of an attempted suicide; or intentional self-inflicted injury; or intoxication; or being under the influence of drugs not prescribed or recommended by a physician; or alcoholism or drug addiction. Allstate Benefits does not pay for confinements in any care unit that does not qualify as a hospital intensive care unit. Progressive care units, sub-acute intensive care units, intermediate care units, and private rooms with monitoring, step down units and any other lesser care treatment units do not qualify as hospital intensive care units. Allstate Benefits does not pay for step down hospital intensive care unit confinement if a covered person is admitted and confined in the following type of units: telemetry or surgical recovery rooms; post-anesthesia care units, progressive care units; intermediate care units; private monitored rooms; observation units located in emergency rooms or outpatient surgery units; beds, wards, or private or semi-private rooms with or without telemetry monitoring equipment; an emergency room; labor or delivery rooms; or other facilities that do not meet the standards for a step-down hospital intensive care unit. Allstate Benefits does not pay this benefit for continuous hospital intensive care unit confinements or continuous step-down hospital intensive care unit confinements that occur during a hospitalization that begins before the effective date of coverage. We do not pay for ambulance if paid under the cancer and specified disease ambulance benefit.

Individual Eligibility

Issue Ages

Employees - 18-69

Spouses - 18-69

Children under age 26

Benefit-eligible employees working at least 19 hours or more weekly with at least 0 days of continuous employment by the date of the enrollment are eligible. If an employee is eligible, his or her spouse is eligible and all children of the insured who are younger than 26 years of age are eligible for coverage. Seasonal and temporary workers are not eligible to participate.

Class I

All full-time and part-time benefit-eligible employees are eligible for Class I coverage. That eligibility extends to their spouses and children under age 26.

Class II

A Class I primary insured is eligible for Class II coverage if he:

- Was previously insured under Class I; and
- Is no longer employed by the policyholder.

The employee must elect Class II coverage under the Portability Privilege within 31 days after the date for which his Class I eligibility would otherwise terminate. Only dependents covered under Class I coverage are eligible for continued coverage under Class II. Class II insureds cannot continue coverage through the employer's payroll deduction process. They must remit premiums directly to the company.

Spouse Coverage Available

The employee may elect to purchase spouse coverage. In order to apply for spouse coverage, the employee must also apply. Spouses are eligible for benefit amounts equaling **100%** of the employee amount, not to exceed the \$30,000 maximum benefit. If the employee does not meet the underwriting requirements necessary to participate in the plan, the spouse can still obtain coverage. The spouse would then become the primary insured and is limited to face amounts up to \$30,000.

Dependent Children Coverage at No Additional Charge

Each eligible dependent child is covered at 50% of the primary insured amount at no additional charge. The payment of benefits for a dependent child does not reduce the face amount of the primary insured.

Children-only coverage is not available. Please see the Definitions section for a complete definition of dependent children.

Portability

When coverage is effective and would otherwise terminate because the employee ends employment with the employer, coverage may be continued. He may exercise the Portability Privilege when there is a change to his coverage class. The employee — and any covered dependents — will continue the coverage that is in-force on the date employment ends. The continued coverage will be provided under Class II. The premium rate for portability coverage may change for the class of covered persons on portability on any premium due date. Written notice will be given at least 31 days before any change is to take effect.

The employee may continue the coverage until the earlier of:

- The date he fails to pay the required premium; or
- The date the class of coverage is terminated.

Coverage may not be continued:

- If the employee fails to pay any required premium; or
- If the company receives notice of Class I plan termination.

Terminations

An employee's insurance will terminate on the earliest of the following:

1. The date the plan is terminated, for Class I insureds;
2. The 31st day after the premium due date if the required premium has not been paid;
3. The date he ceases to meet the definition of an employee as defined in the plan, for Class I insureds; or
4. The date he is no longer a member of the Class eligible for coverage.

Insurance for dependents will terminate on the earliest of the following:

1. The date the Plan is terminated, for dependents of Class I insureds;
2. The 31st day after the premium due date, if the required premium has not been paid;
3. The date the spouse or dependent child ceases to be a dependent; or
4. The premium due date following the date we receive the employee's written request to terminate coverage for his spouse and/or all dependent children.

Termination of the insurance on any insured will not prejudice his rights regarding any claim arising prior to termination.

Group Critical Illness Benefits

First Occurrence Benefit – After the waiting period, an insured may receive up to 100% of the benefit selected upon the first diagnosis of each covered critical illness. Recurrence of a previously diagnosed cancer is payable provided the diagnosis is made when the certificate is in force, and provided the insured is free of any signs or symptoms of that cancer for 12 consecutive months, and has been treatment-free for that cancer for 12 consecutive months.

Re-Occurrence Benefit

If an insured collects full benefits for a covered condition and is later diagnosed with the same condition, we will pay the full benefit again. The dates of diagnosis must be separated by at least 12 months.

**Payment of the partial benefit for Coronary Artery Bypass Surgery will reduce by 25% the benefit for a Heart Attack.

Health Screening Benefit - \$100

After the Waiting Period, an Insured may receive a maximum of \$100 for any one covered screening test per calendar year. We will pay this benefit regardless of the results of the test. This benefit is payable for the covered employee and spouse. This benefit is not paid for Dependent Children. The covered health screening tests include but are not limited to:

Exceptions, Reductions And Terms You Need To Know

If the coverage outlined in this summary will replace any existing coverage, please be aware that it may be in your best interest to maintain your individual guaranteed renewable policy.

The plan contains a 30-day waiting period. This means that no benefits are payable for anyone who has been diagnosed before your coverage has been in force 30 days from the effective date. If you are first diagnosed during the waiting period, benefits for treatment of that critical illness will apply only to loss starting after 12 months from the effective date or the employee can elect to void the coverage and receive a full refund of premium.

The applicable benefit amount will be paid if: the date of diagnosis is after the waiting period; the date of diagnosis occurs while the certificate is in force; and the cause of the illness is not excluded by name or specific description.

Benefits will not be paid for loss due to:

- Intentionally self-inflicted injury or action;
- Suicide or attempted suicide while sane;
- Illegal activities or participation in an illegal occupation;
- War, whether declared or undeclared or military conflicts, participation in an insurrection or riot, civil commotion or state of belligerence;
- Substance abuse; or
- Pre-Existing Conditions (except as stated below).

No benefits will be paid for loss which occurred prior to the Effective Date.

No benefits will be paid for diagnosis made or treatment received outside of the United States.

Pre-Existing Condition Limitation and Exceptions

Pre-Existing Condition means a sickness or physical condition which, within the 12-month period prior to the Effective Date resulted in the insured receiving medical advice or treatment. We will not pay benefits for any critical illness starting within 12 months of the Effective Date which is caused by, contributed to, or resulting from a Pre-Existing Condition. A claim for benefits for loss starting after 12 months from the Effective Date will not be reduced or denied on the grounds that it is caused by a Pre-Existing Condition. A critical illness will no longer be considered pre-existing at the end of 12 consecutive months starting and ending after the Effective Date.

Terms You Need to Know

The **Effective Date** of your insurance will be the date shown on the certificate schedule.

Employee means the insured as shown on the certificate schedule.

Spouse means your legal wife or husband.

Dependent Children means your natural children, step-children, foster children, legally adopted children or children placed for adoption, who are under age 26. Coverage on dependent children will terminate on the child's 26th birthday. However, if any child is incapable of self-sustaining employment due to mental or physical handicap and is dependent on a parent(s) for support, the above age 26 shall not apply. Proof of such incapacity and dependency must be furnished to us within 31 days following such 26th birthday, and not more frequently than annually from then forward.

Your newborn children and newborn adopted children are automatically covered from the moment of birth, under the same terms and conditions that apply to the natural, dependent children of covered persons.

Other foster children and adopted children shall be treated the same as newborn infants and are eligible for coverage on the same basis upon placement in your home, under the same terms and conditions that apply to the natural, dependent children of covered persons.

If a parent is required by a court or administrative order to provide health benefit plan coverage for a child, and the parent is eligible for family health benefit plan coverage through a health insurer, the health insurer:

- a. Must allow the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions.
- b. Must enroll the child under family coverage upon application of the child's other parent or the Department of Health and Human Services in connection with its administration of the Medical Assistance or Child Support Enforcement Program if the parent is enrolled but fails to make application to obtain coverage for the child.
- c. May not dis-enroll or eliminate coverage of the child unless the health insurer is provided satisfactory written evidence that the court or administrative order is no longer in effect or the child is or will be enrolled in comparable health benefit plan coverage through another health insurer, which coverage will take effect not later than the effective date of dis-enrollment.
- d. Will not impose pre-ex limitations or waiting periods.

If your children are covered under the plan, children born or placed in your home after the effective date of this rider will also be covered from the moment of birth. No notice or additional premium is required and the enrollment period will be waived. The company will not impose pre-ex limitations or waiting periods for newborn children, foster and adopted children if they are enrolled upon placement or children covered by the court or administrative order.

Major Organ Transplant means undergoing surgery as a recipient of a transplant of a human heart, lung, liver, kidney, or pancreas.

Myocardial Infarction (Heart Attack) means the death of a portion of the heart muscle (myocardium) resulting from a blockage of one or more coronary arteries. Heart attack does not include any other disease or injury involving the cardiovascular system. Cardiac arrest not caused by a myocardial infarction is not a heart attack. The diagnosis must include all of the following criteria: 1. New and serial electrocardiographic (EKG) findings consistent with myocardial infarction; 2. Elevation of cardiac enzymes above generally accepted laboratory levels of normal in case of creatine phosphokinase (CPK), a CPK-MB measurement must be used; and 3. Confirmatory imaging studies such as thallium scans, MUGA scans, or stress echocardiograms.

Stroke means apoplexy (due to rupture or acute occlusion of a cerebral artery), or a cerebral vascular accident or incident which begins on or after the coverage effective date. Stroke does not include transient ischemic attacks and attacks of vertebrobasilar ischemia. We will pay a benefit for stroke that produces permanent clinical neurological sequela following an initial diagnosis made after any applicable waiting period. We must receive evidence of the permanent neurological damage provided from computed axial tomography (CAT scan) or magnetic resonance imaging (MRI). Stroke does not mean head injury, transient ischemic attack, or chronic cerebrovascular insufficiency.

End-Stage Renal Failure means the end-stage renal failure presenting as chronic, irreversible failure of both of your kidneys to function. The kidney failure must necessitate regular renal dialysis, hemodialysis or peritoneal dialysis (at least weekly); or which results in kidney transplantation. Renal failure is covered, provided it is not caused by a traumatic event, including surgical traumas.

Coronary Artery Bypass Surgery means undergoing open heart surgery to correct narrowing or blockage of one or more coronary arteries with bypass grafts, but excluding procedures such as, but not limited to balloon angioplasty, laser relief, stents or other nonsurgical procedures.

Doctor or Physician means any licensed practitioner of the healing arts acting within the scope of his license in treating a critical illness. It doesn't include an insured or their family member.

Licensed Health Care Practitioner means an individual who has successfully completed a prescribed program of study in a variety of health fields and who has obtained a license or certificate indicating his or her competence to practice in that field.

Additional Benefit Rider Exceptions

All limitations and exclusions that apply to the Critical Illness plan also apply to the rider. The Waiting Period and Pre-existing condition limitation apply from the date the rider is effective.

No benefits will be paid for loss which occurred prior to the effective date of the rider.

Benefits are not payable for loss if these conditions result from another Critical Illness.

The date of diagnosis of a Specified Critical Illness must be separated from the date of diagnosis of a subsequent different Critical Illness by at least 6 months.

The applicable benefit amount will be paid if: the date of diagnosis is after the waiting period; the date of diagnosis occurs while the rider is in force; and the cause of the illness is not excluded by name or specific description.

Additional Benefit Rider Definitions

Coma means a state of unconsciousness for 30 consecutive days with:

- No reaction to external stimuli;

A full-thickness or third-degree burn is the destruction of the skin through the entire thickness or depth of the dermis and possibly into underlying tissues, with loss of fluid and sometimes shock, by means of exposure to fire, heat, caustics, electricity, or radiation.

Loss of Speech means the total and permanent loss of the ability to speak as the result of physical injury.

Loss of Hearing means the total and irreversible loss of hearing in both ears. Loss of hearing that can be corrected by the use of any hearing aid or device shall not be considered an irrevocable loss.

Loss of Sight means the total and irreversible loss of all sight in both eyes.

Heart Event Rider Exceptions

We will pay the indicated percentages of your maximum benefit if you are treated with one of the specified surgical procedures (Category I) or interventional procedures (Category II) shown if the date of treatment is after the waiting period; treatment is incurred while coverage is in force; treatment is recommended by a physician; and is not excluded by name or specific description. This benefit is paid based on your selected benefit amount.

The rider contains a 30-day waiting period. This means no benefits are payable for any insured who has been diagnosed before the coverage has been in force 30 days from the effective date. If an insured is first diagnosed during the waiting period, benefits for treatment of that critical illness will apply only to loss commencing after 12 months from the effective date; or, at your option, you may elect to void the coverage from the beginning and receive a full refund of premium.

Benefits are not payable under this coverage for loss if these conditions result from another specified critical illness.

Unless amended by the Heart Event Rider, certificate definitions, other provisions and terms apply.

Benefits provided by the Heart Event Rider amend any benefits shown in the base plan for the same conditions. Benefits for Category II will reduce the benefit amounts payable for Category I benefits. Benefits will be paid only at the highest benefit level. If Category I and Category II procedures are performed at the same time, benefits are only eligible at the 100% (higher) event and will not exceed the initial face amount shown. The insured is only eligible to receive one payment for each benefit category listed. The dates of loss for covered procedures must be separated by at least 12 months for benefits to be payable for multiple covered procedures. Payment of initial, reoccurrence, or additional occurrence benefits are subject to the benefits section of the base certificate.

Pre-Existing Conditions Exception

Pre-Existing Condition means a sickness or physical condition which, within the 12-month period prior to an insured's effective date, resulted in the insured receiving medical advice or treatment.

We will not pay benefits for any surgical procedure occurring within 12 months of an insured's effective date which is caused by, contributed to, or resulting from a pre-existing condition.

A claim for benefits for loss starting after 12 months from an insured's effective date will not be reduced or denied on the grounds that it is caused by a pre-existing condition.

A critical illness will no longer be considered pre-existing at the end of 12 consecutive months starting and ending after an insured's effective date.

Any benefits for coronary artery bypass surgery denied under the coverage due to pre-existing conditions may be paid at the reduced benefit amount under the certificate, subject to the terms of the certificate.

Exceptions

No benefits will be paid if the specified critical illness is a result of:

- (a) Intentionally self-inflicted injury or action;
- (b) Suicide or attempted suicide while sane or insane;
- (c) Illegal activities or participation in an illegal occupation;
- (d) War, declared or undeclared, or military conflicts, participation in an insurrection or riot, civil commotion, or state of belligerence; or
- (e) An injury sustained while under the influence of alcohol, narcotics, or any other controlled substance or drug, unless properly administered upon the advice of a physician.

No benefits will be paid for loss which occurred prior to the effective date of coverage.

Diagnosis must be made and treatment received in the United States.

Treatment means consultation, care, or services provided by a physician, including diagnostic measures and surgical procedures.

Heart Rider Definitions

Category I – Specified Surgeries of the Heart

Open Heart Surgery means undergoing open chest surgery, where the heart is exposed and/or manipulated for open cardiothoracic situations.

Benefits are paid for the following open heart surgery procedures only:

Coronary Artery Bypass Surgery (also coronary artery bypass graft surgery, or bypass surgery) is a surgical procedure performed to relieve angina and to reduce the risk of death from coronary artery disease.

Off-Pump Coronary Artery Bypass (OPCAB) is a form of bypass surgery that does not stop the heart or use the heart-lung machine.

Coronary Artery Bypass Grafting (CABG) is used to treat a narrowing of the coronary arteries when the blockages are hard to reach or are too long or hard for angioplasty. A blood vessel, usually taken from the leg or chest, is grafted onto the blocked artery, creating a bypass around the blockage. If more than one artery is blocked, a bypass can be done on each, but only one benefit is payable under the rider.

Mitral Valve Replacement or Repair is a cardiac surgery procedure in which a patient's mitral valve is repaired or replaced by a different valve.

Aortic Valve Replacement or Repair is a cardiac surgery procedure in which a patient's aortic valve is repaired or replaced by a different valve.

Surgical Treatment of Abdominal Aortic Aneurysm is a procedure performed to prevent aneurysm rupture. The operation consists of opening the abdomen, finding the aorta, and removing (excising) the aneurysm. Abdominal aortic aneurysm is a ballooning or widening of the main artery (the aorta) as it courses down through the abdomen. At the point of the aneurysm, the aneurysm generally measures 3 cm or more in diameter.

Category I Benefits exclude all procedures not specifically listed above, including procedures such as, but not limited to, angioplasty, laser relief, stent implantation, or other surgical and nonsurgical procedures.

Category II Benefits (Invasive, Procedures and Techniques of the Heart) are paid for the following procedures only:

AngioJet Clot Busting is used to clear blood clots from coronary arteries before angioplasty and stenting. The device delivers a high-pressure saline solution through the artery to the clot, breaking it up, and simultaneously drawing it out.

Balloon Angioplasty (or Balloon Valvuloplasty) is used to open a clogged blood vessel. A thin tube is threaded through an artery to the narrowed heart vessel, where a small balloon at its tip is inflated. A balloon opens the narrowing by compressing atherosclerotic plaque against the vessel wall. The balloon is then deflated and removed.

Laser Angioplasty is similar to Balloon Angioplasty. A laser tip is used to burn/break down plaque in the clogged blood vessel.

Atherectomy is used to open blocked coronary arteries or clear bypass grafts by using a device on the end of a catheter to cut or shave away atherosclerotic plaque.

Stent Implantation is where a stainless steel mesh coil is implanted in a narrowed part of an artery to keep it propped open.

Cardiac Catheterization (also Heart Catheterization) is a diagnostic and occasionally therapeutic procedure that allows a comprehensive examination of the heart and surrounding blood vessels.

Automatic Implantable (or Internal) Cardioverter Defibrillator (AICD) refers to the initial placement of the AICD. AICDs are used for treating irregular heartbeats. The defibrillator is surgically placed inside the patient's chest, where it monitors the heart's rhythm. When it identifies a serious arrhythmia, it produces an electrical shock to disrupt the arrhythmia.

Pacemakers refers to the initial placement of a pacemaker. Pacemakers are implanted to send electrical signals to make the heart beat when a heart's natural pacemaker is not working properly. This electrical device is placed under the skin. A lead extends from the device to the right side of the heart. Most pacemakers are used to correct a slow heart rate.

Subject to the Reoccurrence Benefit in the base plan, only one Category II benefit is payable. Benefits will not be paid for multiple procedures listed under the Category II benefit.

Category II benefits exclude all procedures not specifically listed above.

AUL Short Term Disability

Effective Date: July 1, 2017

Why should you consider purchasing disability insurance protection at your workplace?

Many of us lead busy lives and seldom take time to think about life's risks. Consider the following reasons many people purchase disability insurance:

- Lost wages
- Daily living expenses, such as mortgage/rent, utilities, car payment, food, childcare, eldercare, hobbies, pet care

Advantages of shopping at work include:

- Affordable group rates
- Convenient payroll deduction
- Guaranteed issue for timely applicants
- Easy access

Less than 5% of disabling accidents and illnesses are work related.
The other 95% are not, meaning Workers' Compensation doesn't cover them.

(Source: Council for Disability Awareness, Long-Term Disability Claims Review, 2011. http://www.disabilitycanhappen.org/research/CDA_LTD_Claims_Survey_2011.asp)

90% of disabilities are caused by illness.

(Source: Council for Disability Awareness, http://www.disability-canhappen.org/chances_disability_stats.asp, August 2012.)

64% of wage earners believe they have a 2% or less chance of being disabled for 3 months or more during their working career.

The actual odds for a worker entering the workforce today are about 30%.

(Source: Social Security Administration website, ssa.gov, Fact Sheet, March 18, 2011.)

Less than half (35.6%) of the 2.9 million workers who applied for Social Security Disability Insurance (SSDI) benefits in 2011 were approved.

Maternity Coverage

Benefits will be paid the same as any other qualifying disability, subject to any applicable pre-existing condition exclusion.

STD Pre-Existing Condition Exclusion

3/12, If a person receives medical treatment, or service or incurs expenses as a result of an Injury or Sickness within 3 months prior to the Individual Effective Date, then the Group Policy will not cover any Disability which is caused by, contributed to by, or resulting from that Injury or Sickness; and begins during the first 12 months after the Person's Individual Effective Date.

Recurrent Disability

If you resume Active Work for 30 consecutive workdays following a period of Disability for which the Weekly Benefit was paid, any recurrent Disability will be considered a new period of Disability. A new Elimination Period must be completed before the Weekly Benefit is payable.

The maximum benefit cannot exceed 70% of basic monthly earnings and must be in \$100 increments.

Portability

The Portability Privilege is not available to any person that retires (when the Person receives payment from any Employer's Retirement Plan as recognition of past services or has concluded his/her working career).

Please refer to the Mark III website for a copy of your certificate, a claim form or application to port form.

Metlife Term Life Plan

Basic Employee Life Insurance

This insurance is payable for death from any cause to any person you name as beneficiary.

Optional Employee Life Insurance

Your employer-sponsored basic life coverage provides important protection for you, but you may need to add to that protection. Now you can...at low group rates and through convenient payroll deductions.

To help meet this need, you have the opportunity to elect additional group life insurance under the optional portion of your program to go along with any personal insurance coverage you may have.

Optional Dependent Life Insurance

Provides coverage on:

- Your Spouse
- Child(ren) from 15 days of age to age 19 (to age 25 if wholly dependent upon you for maintenance and support **and** if enrolled as a full-time student in an accredited school or college). Handicapped children can continue to be covered with no age limit.

It is the responsibility of the employee to notify payroll in writing when a dependent becomes ineligible for coverage. Examples of an ineligible dependent status are divorce, or a child graduates from college.

Accidental Death and Dismemberment

Benefits under this coverage are payable for accidental death or injury as described in your certificate. All active employees have Basic Accidental Death and Dismemberment coverage.

Features

The plan features easy eligibility and simple enrollment procedures. Furthermore, automatic payroll deductions simplify paperwork. This means less bookkeeping for you and no worries about a lapse in coverage due to missed payments.

Increases in coverage, a re-entry in the plan and participants who enroll beyond 31 days of employment will be required to provide evidence of insurability satisfactory to MetLife.

Low Cost

Your cost is lower than for comparable insurance on an individual basis due to the "wholesale" economies inherent in group insurance. Additionally, the System absorbs the cost of administering the program which is underwritten by Metropolitan Life - a leader in the field of group coverage.

Eligibility

You will be eligible for this program if you are a full-time active employee working at least 30 hours per week.

Enrollment

Enrollment is simple - just fill out the election card provided by your employer. Make sure you supply all the required information and return the form where you work. That's all. If a Statement of Health was completed, you will be notified as to when coverage starts.

Beneficiary

You have the right to designate the beneficiary of your choice under employee coverage. You are automatically the beneficiary under Dependent Life.

When Your Insurance Starts

Your Basic Employee Life Insurance becomes effective on the date of your eligibility (the first day of the month after you complete 30 days of continuous employment) if you are then actively at work; otherwise, on the day you return to active work. If you enroll for Optional and/or Dependent Life Insurance on or before you become eligible for coverage, your insurance becomes effective on the date of your eligibility if you are actively at work. If you or a covered dependent are confined in a hospital, not actively at work, or not performing normal daily activities, your insurance will not be effective. You and/or your dependents will become covered when you return to active full-time work, are no longer confined in a hospital, and can perform normal daily activities. Normal daily activities means not confined at home under the care of a doctor for sickness or injury and not entitled to receive any disability income from any source.

If you or any dependents do not satisfy the eligibility requirements described above for date of enrollment and for effective date of coverage, that person will not become insured for Optional Life Insurance until such person has furnished medical evidence of insurability satisfactory to Metropolitan Life.

Termination of Coverage

All insurance under this plan will terminate with the earliest of the following events: termination upon retirement, termination of employment, plan cessation or withdrawal from the plan. Nevertheless, if you should die within 31 days thereafter, your life insurance will still be paid to the beneficiary. If any of your covered dependents should die within such 31 day period, the amount of Life Insurance on account of such dependent will be paid to you.

Extended Death Benefit

This benefit provides that an employee who becomes disabled on or after the effective date of coverage may continue without payment of premium until the earliest of: 12 months from the date of disability; or, beginning with the date of disability, the length of time the employee was covered under the plan plus 31 days, or attainment of age 70.

Conversion

If your employment terminates while you are covered under the plan, you may purchase without medical evidence of insurability, any individual insurance policy, except a term policy, issued by Metropolitan Life in any amount up to the amount of your coverage in effect on your date of termination. You must apply for this policy within 31 days after the date your employment terminates. This privilege applies to Optional Dependent Life Insurance as well.

Portability

Portability allows employees whose coverage ends due to certain qualifying events to continue their current (or a lesser) amount of insurance. Portability applies to Employee Optional Life Insurance, not dependents.

Qualifying Events Include:

- Termination of Employment
- Retirement
- Change in employee class which results in the termination of Optional Life Benefits.

The minimum face amount which an employee may elect portability is \$20,000. Portable coverage reduces to 50% on January 1st of the year the insured attains age 70 and terminates on January 1st of the year the insured attains age 80. When portable coverage ends, insured individuals have the right to convert to an individual policy.

The accelerated benefit option (ABO)

Metropolitan Life Insurance Company has included an Accelerated Benefit Option (ABO) as part of your group life benefits. Under this option, if you are diagnosed as having a terminal illness, you may be eligible to receive a portion of your group life benefits at such a difficult time. Please refer to your Group Certificate for details.

Suicide Exclusion

No Optional Employee Life or Dependent Life Benefits are payable if you or your dependent(s) commit suicide within two years from the effective date of the coverage.

Claims Procedure

Procedures for Presenting Claims for Benefits - Claim forms needed to file for benefits under the group insurance program can be obtained from your employer. The instructions on the claim form should be followed carefully. This will expedite the processing of the claim. Be sure all questions are answered fully.

Routine Questions

If there is any question about a claim payment, an explanation can be requested from MetLife.

Texas Life Whole Life Insurance - Solutions 121

Common Issue Date: August 1, 2017

An ideal complement to any group term and optional term life insurance your employer might provide, Texas Life's SOLUTIONS 121 is the life insurance you keep, even when you change jobs or retire as long as you pay the premiums. It will help protect your family, both today and, more importantly, tomorrow. Even better, you won't even have to pay for it after age 65 (or 20 years if you're 46 years of age or older), because it's guaranteed to be paid up.¹

SOLUTIONS is an individual permanent life insurance product specifically designed for employees and their families. These policies provide a guaranteed level premium and death benefit for the life of the policy, and all you have to do to qualify for basic amounts of coverage is be actively at work the day you enroll. You also may apply for coverage on your spouse, children and grandchildren with limited underwriting requirements.²

As an employee, you are eligible to apply once you have satisfied your employer's eligibility period.

Why Voluntary Coverage?

- Most employees typically depend on group term life insurance.
- Adults covered by both group and individual life insurance replace more of their income upon death than adults having group term alone.³
- Term policies are created to last for a finite period of time that will likely end before you die.⁴
- When do you want a life insurance policy in force? --Answer: When you die.
- Term is for IF you die, permanent is for WHEN you die.

The SOLUTIONS Advantage

Individual Protection

SOLUTIONS 121 is a permanent life insurance policy that you own; it can never be canceled, as long as you pay the guaranteed level premiums due, even if your health changes. Because you own it, you can take SOLUTIONS 121 with you when you change jobs or retire with no change in the premium.

Coverage for Your Family

You may also apply for an individual SOLUTIONS 121 policy for your spouse/domestic partner, dependent children ages 15 days - 26 years and grandchildren ages 15 days -18 years, even if you do not apply for coverage.²

Paid Up Insurance

SOLUTIONS 121 has premiums that are guaranteed to remain level until your age 65 or for 20 years if you purchase the policy after age 45. At that time, the policy becomes **fully paid up; no further premiums are due**, and the death benefit does not reduce. This gives you the peace of mind that comes with life insurance that's paid for as your income changes in retirement.

Convenience of payroll deduction

Thanks to your employer, SOLUTIONS 121 premiums are paid through convenient payroll deductions and sent to Texas Life by your employer.

Portable, Permanent

You may continue the peace of mind SOLUTIONS 121 provides, even when you change jobs or retire. Once your policy is issued, the coverage is yours to keep. If you should change jobs or retire before the policy becomes paid up, you simply pay the monthly premium directly to Texas Life by automatic bank draft or monthly bill (for monthly bill we may add a billing fee not to exceed \$2.00). Premiums are guaranteed to remain level to your age 65, or for 20 years if you purchase the policy after age 45. At that time, the policy becomes fully paid up; no further premiums are due.

Accelerated Death Benefit due to Terminal Illness

For no additional premium, the policy includes an Accelerated Death Benefit Due to Terminal Illness Rider. Should you be diagnosed as terminally ill with the expectation of death within 12 months, you will have the option to receive 92.6% (92% in CA, CT, DC, DE, FL, ND & SD) of the face amount, minus a \$150 (\$100 in Florida) administrative fee in lieu of the insurance proceeds otherwise payable at death. This valuable living benefit gives you peace of mind knowing that, should you need it, you can take the large majority of your death benefit while still alive. (Conditions apply)
(Policy Form ICC-ULABR-11 or Form Series ULABR-11)

Accelerated Death Benefit for Chronic Illness

Included in the policy at the option of the employer, the Accelerated Death Benefit for Chronic Illness rider covers all applicants. If an insured becomes permanently chronically ill, meaning that he/she is unable to perform two of six Activities of Daily Living (such as bathing, continence, or dressing), or is severely cognitively impaired (such as Alzheimer's), he/she may elect to claim an accelerated death benefit in lieu of the Face Amount payable at death. The single sum payment is 92% of the Face Amount less an administrative fee of \$150 (\$100 in FL). The Accelerated Death Benefit for Chronic Illness Rider premiums are 8% of the base policy premium. Conditions and limitations apply. See the SOLUTIONS 121 Pamphlet for details. (Policy form ULABR-CI-14 or ICC14-ULABR-CI-14.)

Waiver of Premium Rider

This benefit to age 65 (issue ages 17-59) waives the premium after six months of the insured's total disability and will even refund the prior six months' premium. Benefits continue payable until the earlier of the end of the insured's total disability or age 65. Cost is an additional 10% of the basic monthly premium. Self-inflicted or war-related disability is excluded. Notice, proof and waiting period provisions apply. (Policy Form ICC07-ULCL-WP-07 and Form Series ULCL-WP-07.)

Coverage begins immediately

Coverage normally begins when you complete the application and the authorization for your employer to deduct premiums from your paycheck. Two year suicide and contestability provisions apply (one year in ND).
